

SHIVANEETH KESHAV SHETTY

Phone: [+91 - 8618521475](tel:+91-8618521475)

Email: shivaneethshetty526@gmail.com

OBJECTIVE

An enthusiastic Computer Science and Engineering student. Proficient in developing full-stack web applications. Interested in a challenging Software Development role to apply strong problem-solving skills and contribute to organizational success.

EDUCATION

Bachelor of Engineering (B.E)

November 2021 – May 2025

- Alvas Institute of Engineering and Technology, Moodabidri.
- Computer Science and Engineering.

CGPA: 8.74

Pre-University College (PUC)

June 2019 – June 2021

- KLES Prerana PU College, Hubli
- PCMB (Physics, Chemistry, Mathematics, and Biology)

Percentage: 87.67%

Secondary School Leaving Certificate (SSLC)

June 2018– March 2019

- Shri Vivekanand Education Society, Hubli

Percentage: 84.16%

INTERNSHIP

Dhee Coding Lab | Intern

Oct 2025 – Jan 2025

- Completed an internship at Dhee Coding Lab focused on MERN full-stack development.
- Gained hands-on experience in MongoDB, Express.js, React.js, and Node.js.
- Worked on building full-stack web applications, REST APIs, and frontend components.
- Developed skills in CRUD operations, authentication, and real-world project implementation.

Salesforce Administrator | Virtual Internship | Salesforce

Nov 2023 - Dec 2023

- Completed an 8-week internship focusing on Salesforce administration, mastering key Trailhead modules.
- Gained hands-on experience in organizational setup, Sales Cloud, Service Cloud, and process automation.
- Worked with Flows, Chatter, security settings, reports, dashboards, and data management.
- Earned the Admin Super Set certification, demonstrating expertise in Salesforce fundamentals.

CodeLab Systems | Intern

Oct 2023 – Nov 2023

- Worked as a Web developer Intern at Code Lab System, responsible for creating interactive frontend web pages using ReactJS.
 - Designed and implemented projects like User forms E-commerce store.
 - Delivered a comprehensive report and presentation to stakeholders, demonstrating strong communication, problem-solving, and analytical skills.
-

PROJECTS

Weather Application (Role: Full Stack Developer)

- Documented requirements and developed a responsive UI using HTML5, CSS3, and JavaScript.
- Integrated real-time weather APIs to display accurate temperature and forecast data.

Lightweight Network for Hand Gesture Recognition (Role: Raspberry Pi OS implementation and system setup)

- Developed a lightweight ARM-based model on Raspberry Pi for real-time hand gesture recognition.
- Improved recognition speed and accuracy using optimized machine learning algorithms.

Budget Planner App (Role: Frontend Developer)

- Collaborated on developing a Budget Planner app to track monthly, yearly, and daily expenses, improving financial management.
- Designed an intuitive, user-friendly interface, enhancing user experience and accessibility.
- Focused on UI/UX design principles, ensuring a visually appealing and seamless navigation experience.

CERTIFICATIONS

- Postman API Testing, Creating and API Integration (Postman API)
- AWS Cloud Practitioner Essentials (AWS)
- Advanced JavaScript Course (MicroDegree)
- Salesforce Developer Catalyst Program Certificate. (NASSCOM)
- Advanced Java Programming (CodeChef)

TECHNICAL SKILLS

MERN Stack: MongoDB, Express.js, React.js, Node.js
Languages & Web: JavaScript, Java, HTML5, CSS3
Tools & Technologies: REST APIs, GitLab, MySQL
Testing Skills: Manual Testing

SOFT SKILLS:

Team Work | Problem Solving | Leadership | Strong Communication | Critical Thinking

EXTRACURRICULARS:

- NSS Volunteer: Organized blood donation drives and tree-plantation campaigns.
- Teaching Program: Conducted basic computer training sessions for rural students.

PUBLICATIONS:

- Published a research paper titled “A Lightweight Network Deployed on ARM Device for Hand Gesture Recognition” at an international IEEE conference, presenting a real-time, efficient gesture recognition approach using ARM-based systems (IEEE).
